EOC Daily Emergency Management Report

Date: 05/02/2013
Time: 11:00 AM EDT
Report No: 112

Alerts & Warnings

FEMA National Watch Center – Watch/Steady State
National Terrorism Advisory System (NTAS) – No Current Alerts
Continuity of Operations (COOP) COGCON Level is 4
EPA HQ at Level 6 (Steady State)
EPA R6 REOC at Level 3 for West, TX West Fertilizer Fire/Explosion and the Pipeline Oil Spill in Arkansas

EPA Headquarters Activities

ASPECT (Airborne Spectral Photometric Environmental Collection Technology) is operational and available for deployment in McKinney, TX.

Portable High Throughput Integrated Laboratory Identification Systems (PHILIS) labs and assets (located in Edison, NJ and Castle Rock, CO) are operational and available for deployment.

The ERT Trace Atmospheric Gas Analyzer (TAGA) (Edison, Las Vegas & RTP) & Mobile Command Posts are available for deployment.

Significant National Weather

Risk of Severe Thunderstorms & Heavy Rain – Southern Plains, Lower Mississippi Valley, Central Gulf Coast and the Southeast

Moderate Snow - Central Plains to Upper Great Lakes

Critical Fire Weather Areas – CA, AZ & NV

Summit Fire – Banning, CA. On May 1, the Summit Fire was reported in Banning (Riverside County) CA. The fire burned approximately 2,956 acres and is 35% contained. Gusty winds up to 60 mph and low relative humidity in the single digits are expected to continue through Friday. One residential home destroyed and one injury

confirmed. No fatalities have been reported. Approximately 750 people were evacuated and evacuations were lifted during the night.

Significant Flood Outlook: Overland and river flooding persists across much of the Souris and Red River of the North basins. River levels on the Red River from Olso southward are falling while those from Drayton northward are rising. Uncertainty remains high on precipitation chances this weekend, but 0.25-0.50" of liquid accumulation is possible, especially over the eastern half of the Souris and southern Red River basins. This should not produce a significant impact on the severity or timing of crests.

Tropical Weather: No activity threatening U.S. territories

Report of Incident Notifications

There were 36 epaosc.org websites created and/or updated during this reporting period (5/1/13– 5/2/13).

No Incidents to Report.

Exercises / Pre-Deployments

Region 7 ER Program, Lenexa, Kansas: Disaster data collection and transmission, and navigation exercise.

Regional Daily Ops Status Report

Reported activities primarily represent NRC notifications with some state-level and other notifications to Regional Phone Duty Officers.
